Muscular Dystrophy Association of NZ Inc. Endorsement

Muscular Dystrophy Association of NZ Inc. recommends MedicAlert® to our members and all those with neuromuscular conditions.

Reduce stress when dealing with medical or law enforcement professionals

By wearing a MedicAlert® bracelet or identification the stress of dealing with doctors, police or rescue personnel can be reduced as they are able to identify and confirm that the person they are dealing with has a neuromuscular disorder and react accordingly.

Save time in emergencies

Difficulty in communicating key facts can be overcome as a MedicAlert® Membership can provide medical staff with access to vital information that can result in appropriate and timely treatment and support.

Confidentiality is maintained at all times

MedicAlert® is clinically endorsed so medical records and information remain secure yet available to medical professionals in times of need.

Reduce worry for family members & friends

A MedicAlert® Membership will give peace of mind to loved ones who can be confident that appropriate treatment will be provided in times of crisis and nominated supporters contacted.

Muscular Dystrophy Association of NZ Inc. recommends that anyone diagnosed with a neuromuscular disorder should enrol with MedicAlert®.

Benefits

Free MedicAlert Custom Engraved Emblem

- MedicAlert® have provided a selection of emblems that Muscular Dystrophy Members can choose at no additional cost, while completing the MedicAlert® enrolment process.
- If you choose not to select a free emblem when enrolling online you may select any another emblem at a discounted price.

In an Emergency

Free comprehensive 'wallet card'

- The wallet card lists additional medications and contacts which you may want to share with your doctor(s) and emergency responders so that you don't need to worry about remembering all the necessary information.

Patient Vitals Service

- Access to the 24/7 hotline for emergency health care providers.
- Emergency responders can call for more information about your vital emergency medical information as required anytime, anywhere – including from overseas while you are traveling.

Free MedicAlert access to Membership Service Call Centre

- Call 0800 840 111 Mon – Fri 8:30 – 5pm.

ManageMyHealth™ Account

- Do you wonder occasionally what's on your Medical Records or who has accessed your Medical Records. Your ManageMyHealth™ account will tell you just what you want to know and much more.
