

Muscular Dystrophy
New Zealand

Life is what you bake it!

Please Bake a Difference for MDANZ
during this uncertain time.

With a nation of home bakers currently being asked to stay indoors and self-isolate, we're asking you to showcase your baking skills and catch up with cake, using the power of technology. Come together online and raise vital dough for MDANZ to support people with muscle-wasting and neuromuscular conditions.

Challenge others to a baking competition online or simply organise a coffee and cake morning on Facebook or on your group chats! Then invite everyone who joins the call to have a cuppa, a chat and make a donation.

All the ingredients you need to whip up this fundraising event are a smartphone, tablet or computer, fold in some friends, family and colleagues – and you'll soon be baking a difference for MDANZ.

The coronavirus crisis will one day be over, but we need to be here for people with muscle-wasting and neuromuscular conditions for many years to come.

**Join us – we knead
your support!**

*Tana, 10 years. Duchenne
